Compound sentences consist of two independent clauses linked by a comma and a coordinating conjunction (and, or, but, yet, so, for, nor). Find all of our sentences worksheets, from sentence fragments to simple, compound and complex sentences. Finding free printable worksheets is an excellent way for teachers and homeschooling parents to save on their budgets. It's also a great way for parents to get in extra practice with their children over the summer, or when they're struggling. Here are ways to find printable worksheets for kids. Parenting Blogs and Websites Visiting parenting blogs and websites offers you a variety of opportunities for finding free printable worksheets for kids. In addition to offering printable coloring pages, many of these sites present educational printables for free as well. Many of these blogs and websites cater to children of all ages, but some of them are age specific. Be sure you're looking in the right place when you're searching for free-to-print worksheets to ensure they're age appropriate. There are a broad range of educational websites and blogs catering to teachers, homeschooling parents and parents who want to help their children with advancement or overcoming struggles. Many of these sites are age specific, but there are others that offer materials for children of all ages. You'll find worksheet that include ABC letters to print for free, as well as math sheets to print out. These sites also include printables for learning about science, history and reading comprehension. Check Out Book- or Publishing-Related Websites Book- and publishing-related websites will often offer free printable worksheets. For example, if they print workbooks or other types of reading materials for educators, homeschooling parents or parents who participate in summer bridge learning programs, you could find award certificates to print and other free worksheets to support your curriculum on these websites. They might also provide free coloring pages, puzzles and other fun activities. Don't Forget Your School Sometimes a school website will post a blog or feature information on their library's website that includes free printable worksheets. Under some circumstances, teachers will also operate individual webpages that offer free printable worksheets to help their students engage in fun activities when they're not in the classroom, or so they can continue learning throughout the summer. If your school doesn't have this information, search other school websites to see what they're offering. Use a Traditional Search Engine When you input phrases such as "free printable worksheets" or something similar into the search bar of your favorite search engine, you'll receive results directing you to a broad range of sites offering printables for free. If you refine your search to include a specific type of worksheet (like learning to print the alphabet), your search results will produce free worksheets specifically for that task. You can also refine your search so it includes age, grade level and subject. MORE FROM QUESTIONSANSWERED.NET Simple, Compound, and Complex Sentences Writing Complex Sentences Subject and Predicate Worksheets Identify the subject and the predicate of a sentence. Fragments & Run-Ons Determine which groups of words are complete sentences and which ones are fragments. Punctuation Worksheets Learn to properly use periods, question marks, commas, and quotation marks. English-Language Arts Worksheets Our worksheets cover all areas reading, writing, phonics, and spelling. Compound sentences join two independent clauses with a coordinating conjunction (and, or, but, yet, so, for, nor). Complex sentences contain a main clause and a dependent clause beginning with a conjunction like (before, after, because ...). Understanding these structures will help students avoid common grammatical errors (run on sentences, comma splices and so on).
